

Harms of SHS in China

WHO FCTC Article 8

Requires Parties to provide protection from exposure to SHS within

5 years
of the treaty coming into force

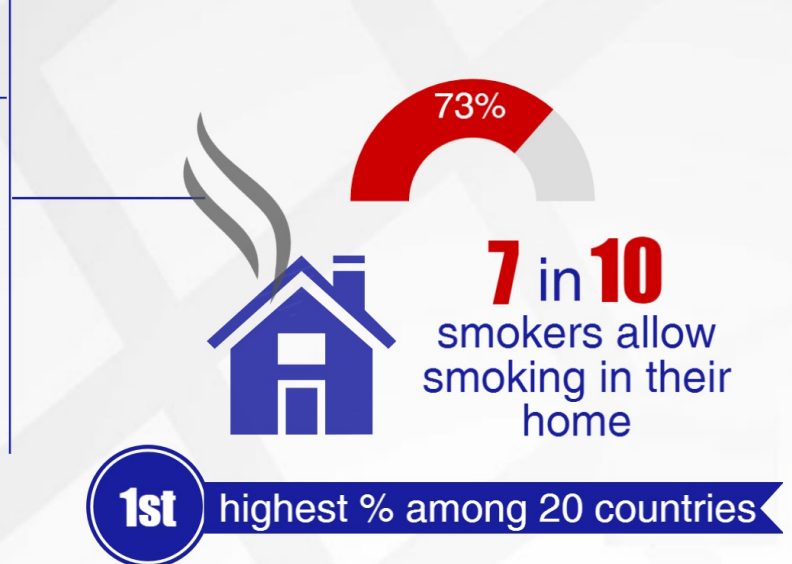

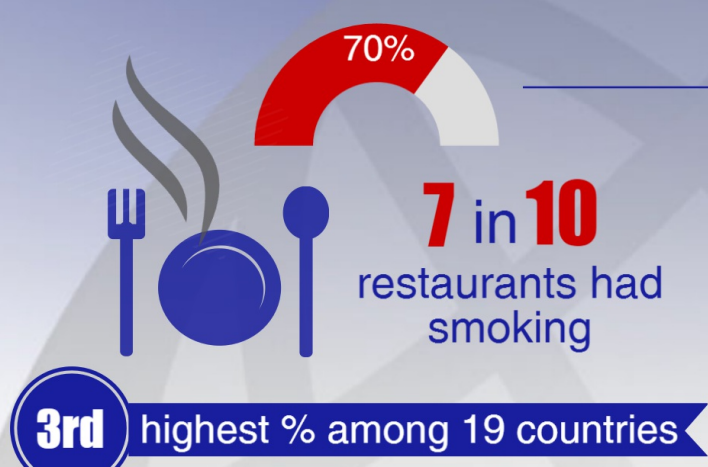

49 countries have achieved this

2011 The year China was supposed to have a complete ban on smoking in workplaces and public places under the FCTC

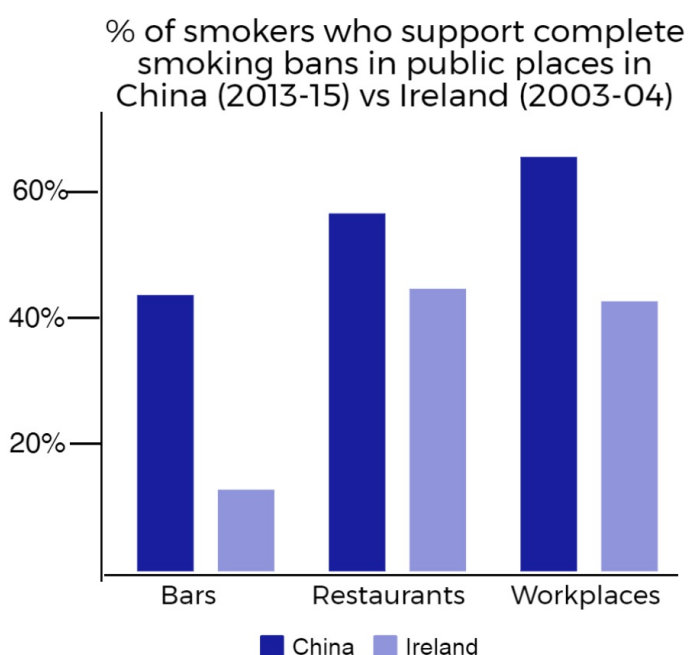

3 Number of cities with a comprehensive SF law that meets Article 8 guidelines

- ✓ Beijing (June 2015)
- ✓ Shenzhen (Jan 2017)
- ✓ Shanghai (March 2017)

How does smoking in China compare to other ITC countries? In 2013-2015:

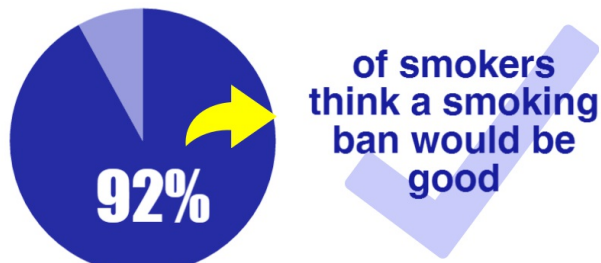

High levels of public support for smoke-free policies

China is ready for a national smoke-free law

Smokers' support is already higher than in other countries where successful smoke-free laws were introduced

Beijing's smoke-free law leads the way
